

COMMUNITY HEALTH NEEDS ASSESSMENT

TOP HEALTH PRIORITIES

- 1 Insurance coverage
- 2 Access to care
- 3 Oral health services

COLLABORATION EXAMPLE

"The entire Clinic staff receives training and updates from the HIV/STD program coordinators from the health department. We are able to call and get assistance from their staff on next steps/referral for any client coming up HIV positive."

CARE COORDINATION & PATIENT-CENTERED MEDICAL CARE

"The Clinic has been awarded a 4 year technical assistance grant through the Kansas Practice Transformation Project. The Project will assist the Clinic in PCMH recognition. The Clinic works from an Interdisciplinary model of care where medical, mental, dental, and social service teams work collaboratively to address the whole person."

ADDRESSING COMMUNITY HEALTH PRIORITIES

"The Clinic aims to not only see the clients but to equip them with resources and skills to reach better health outcomes. We offer ongoing programs and services to reach these goals. Some of these include our Health Insurance Navigator that works diligently with families to receive insurance through the Marketplace."

COMMUNITY PARTNERSHIPS

HOSPITAL "receive reports and exchange information as patients enter the hospitals for care"

HEALTH DEPARTMENT "clinic contracts with the health department to offer discounted lab services to our clients... health department also refers potential clients to our clinic for services "

MENTAL HEALTH CENTER "make referrals to Comcare for cases that we are unable to manage in office"

PRIVATE PRACTICES "main collaboration is by being a part of the Coalition of Community Health Clinics here in Wichita.... meet monthly to discuss local health issues and see how to address them collaboratively "

OTHER "partnerships with 13 USD 259 schools and other nonprofits to provide oral health education and services offsite...goal to bring new understanding to the importance of oral health"

USING GRANT FUNDS TO IMPROVE PATIENT CARE

"Primarily grant funds will be used in the area of staff salaries so that we have the workforce to be able to connect with each client and assist them on their road to better health."
